

THE POWER TO SAVE YOU MONEY AND YOUR CUSTOMERS ENERGY ... IS IN YOUR HANDS

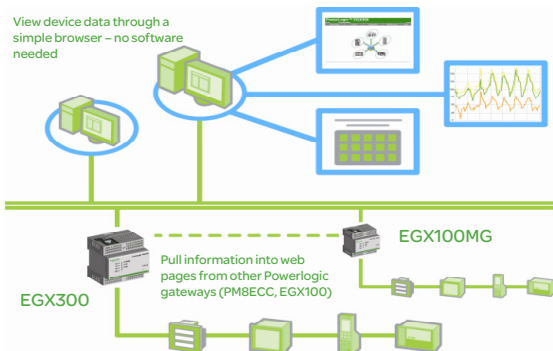

Powerlogic EGX300

> Promotion ends 31st July 2010

If you are logical and take advantage of Schneider Electric's advanced monitoring systems your next Powerlogic EGX300 could be FREE!*

Our Powerlogic EGX300, is an integrated gateway-server that allows the end user to optimise energy usages and identify potential energy saving opportunities - and because of our great promotion your next order could also see you saving money too.

The Powerlogic EGX300 enables:

- > Viewing online via a web browser and displays real time energy data and trend plots from the electrical system and to store historical information from multiple locations
- > Remote monitoring of energy consumption on all switchboards, incorporating meters, NSX and communicating NS breakers
- > Organisations to meet environmental obligations and qualify for Enhanced Capital Allowance

Anyone ordering a switchboard incorporating five or more metering or communication devices can take part in the promotion either receiving an EGX300, worth over £2000, at a reduced cost or free-of-charge.*

Call 0870 608 8 608 for further information

*The offer is dependant on the number of devices purchased:
Quotation between £10k - £20k you will receive the option to purchase the EGX300 at a reduced cost - to claim please quote 582K on your order
Quotation more than £20k we will incorporate EGX300 worth over £2000 - to claim please quote 581K on your order
